# UNIFORM

**There are a number of reasons why having a set uniform is important to our studio and values. Keep reading to find out why we are such big believers in wearing a uniform at Alloa Ballet Company**

## FEELING PART OF A TEAM

Wearing a uniform creates a sense of unity and belonging within our studio. Feeling like part of one big dance family creates a sense of pride and is a wonderful way for our students to strive to be the best dancer they can be and show support for their peers.

When all students are wearing a uniform, it prevents cliques or little groups forming as students feel they are part of one big team rather than smaller friendship circles.

## PRACTICALITY

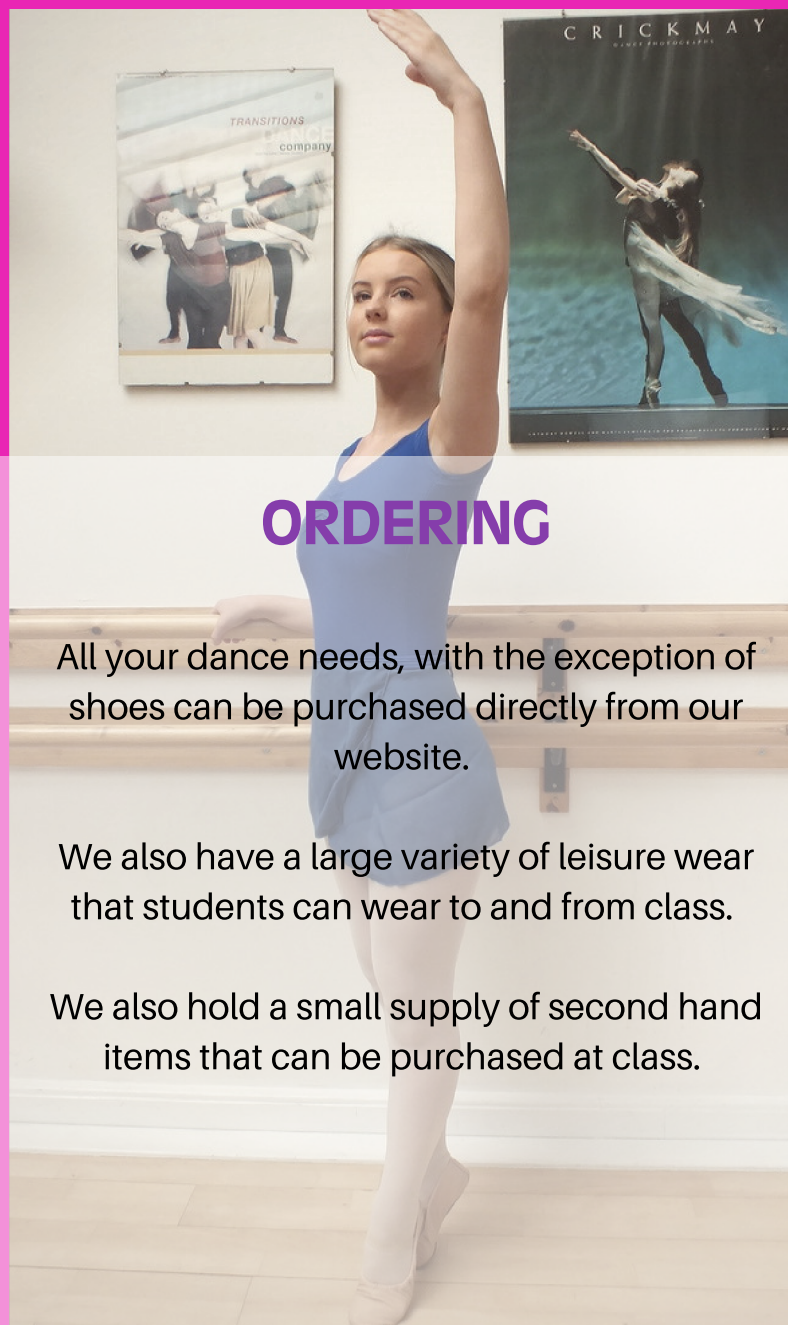

Dance Uniform is designed to be a safe and practical outfit for your child to dance in. At Alloa Ballet Company, our uniform is breathable and designed to move with your dancer so that they are never uncomfortable. Having a dress code cuts down on distractions in the classroom and allows the teacher to see a dancers alignment and posture in order to make corrections.

## SAFETY

Inappropriate clothing such as loose fit clothing, metal zippers, and rigid fabrics can be uncomfortable and may become tripping hazards for your dancer in class.

They also make it very difficult for the teacher to see your dancers alignment which could lead to injury. The safest and most practical solution is to wear your dance uniform.

## ORDERING

All your dance needs, with the exception of shoes can be purchased directly from our website.

We also have a large variety of leisure wear that students can wear to and from class.

We also hold a small supply of second hand items that can be purchased at class.
